CATALOG 1933

Omega Plant Farms

(INCORPORATED)

Omega, Georgia

**Seventeen Years Experience
Growing and Shipping Plants**

To The Trade

In presenting to you our 1933 Catalog, we wish to thank you for past business and ask a continuance of your patronage upon the record of our service in handling your orders.

We know that all our plants are grown from the very best seed obtainable, upon land especially adapted to the growing of plants and in a climate of just enough sunshine and cold to grow for the best quality.

We have a large force of experienced men and equipment for handling plants properly and we know our service is second to none, regardless of the size of your order.

Your diversified program should include at least two acres in our four specials—Cabbage, Tomatoes, Onions and Sweet Potatoes—and an acre of each would not be too much. You will sell on the early and high market by using our strong, healthy plants.

Our Guarantee—Knowing that seed or plants of the highest quality will often fail through improper treatment due to several reasons, we will not be responsible for the crop. However, we will refill or refund the purchase price on any order of plants not entirely satisfactory.

How to Order Plants—All plants are sold on cash basis, so make remittances by post-office or express money order, drafts or checks. This will save extra cost to you in making collections and refunding money to us by post office and express companies. However, we will make shipments C. O. D. if you prefer them that way. Be sure and state date you want shipment made.

What to do When Plants Arrive—Unpack immediately and if weather is unfavorable for transplanting in the fields put on damp moss, or pack in cellar or some place where they will keep for a few days until weather is favorable for transplanting.

Our Frost-Proof Cabbage Plants are grown in the open fields and can be set much earlier than hot-bed, or cold frame plants. The tops will not make much growth during the cold weather, but the roots will develop and have good root system, and when the weather opens up they will make hard headed Cabbage much earlier than home grown plants. It requires ten to fifteen thousand plants per acre.

We can supply the following varieties:

Early Jersey Wakefield—Best early and extensively used for home and market. Firm pointed heads with few outside leaves.

Charleston Wakefield—Larger and less pointed than Early Jersey, and about ten days later.

Copenhagen Market—Early round-headed variety, popular in all markets, very firm and of the highest quality.

Golden Acre—Earliest round head variety, little smaller than Copenhagen Market and about a week to ten days earlier.

Early Flat Dutch—Sure-heading, compact and early. Heads flattened and solid, larger than other varieties.

Succession—Big, round heads; very solid and a good keeper.

Either of the above varieties of plants at the following prices:

By Mail—Postpaid	Mail or Exp.—Not Prepaid
200 Plants—\$.50	1,000 Plants—\$.75
500 Plants— .90	5,000 Plants— 3.50
1,000 Plants— 1.60	10,000 Plants— 6.50
5,000 Plants— 7.50	50,000 Plants— 30.00

BERMUDA ONION PLANTS

The Onion Plant business has grown in this section for the past few years until today Georgia is about as heavy shipper as Texas and, frankly, we know our plants are better than Texas grown plants. Onions grown from plants will keep much better than grown from sets, and you will always be glad you included Onion plants with your order. Set from thirty to sixty thousand plants per acre. We can supply the following varieties:

Crystal White Wax—This is a very popular variety, an absolutely pure white Onion of waxy appearance. The sweetest and mildest of all the Bermuda Onions. There is a good demand for this on account of its handsome appearance.

White or Yellow—This is a straw colored variety, exceedingly mild in flavor and very early. A very profitable sort for market gardeners and truckers.

Prizetaker—This variety is famous all over the country, producing large Onions. They are straw color, extremely mild flavor and good keepers.

Riverside Sweet Spanish—Sparkling white flesh. Mild, sweet, good quality and splendid keeper.

Prices on Onion Plants are as follows:

By Mail—Postpaid		Mail or Exp.—Not Prepaid	
200 Plants	\$.50	1,000 Plants	\$.75
500 Plants	.75	5,000 Plants	3.50
1,000 Plants	1.25	10,000 Plants	6.50
5,000 Plants	5.50	50,000 Plants	30.00

TOMATO PLANTS

The Tomato Plant industry has grown with us until now it is our largest acreage of plants. We expect to have during this season at least three hundred acres of these, and can take care of your orders promptly, whether they are for one hundred plants, or a car load. Tomato plants are six to ten inches high, about the size of a cedar pencil, with good root system. Plants are packed with roots wrapped in damp spagnum moss, in well ventilated crates, and can be set in the fields immediately when they reach you. Send your orders in for Tomato plants at the same time you do Cabbage, or when ready, and be sure to state date you want shipment made. Set from four to six thousand plants per acre.

Earliana—A red early Tomato very popular for home use.

Bonny Best—Favorite bright scarlet early variety, very vigorous growth and heavy yielder.

Break O' Day—The earliest, disease resistant, globe shaped, scarlet fruited Tomato yet introduced.

Marglobe—This variety is recommended for its resistance to wilt and nail head rust. Fruits are medium size, smooth, red and globular shape. It is a good second early and continues to bear until frost.

Gulf State Market — Excellent shipper, heavy yielder, very smooth and firm.

Greater Baltimore—This variety is excellent for canning. Produces a large, solid, smooth fruit of bright red color and excellent quality.

Stone—An old stand-by, large, bright red and perfectly smooth.

Tomato plants for shipment during April, May and June at the following prices:

By Mail—Postpaid		Mail or Exp.—Not Prepaid	
100 Plants_	\$.40	1,000 Plants_	\$ 1.50
200 Plants_	.65	5,000 Plants_	7.50
500 Plants_	1.25	10,000 Plants_	14.00
1,000 Plants_	2.25	50,000 Plants_	67.50
5,000 Plants_	11.00	100,000 Plants_	130.00

PEPPER PLANTS

All Pepper Plants are open field grown, but are not frost-proof. Plants may be set in open, earlier than hot-house plants, as they are hardened by March winds and have been known to withstand light frost. Pepper plants ready for shipment around April 1st on through June. We offer Ruby King, Ruby Giant, Pimento, and California Wonder varieties.

By Mail—Postpaid	Mail or Exp.—Not Prepaid
100 Plants—\$.40	1,000 Plants \$ 2.50
500 Plants— 1.50	5,000 Plants— 11.25
1,000 Plants— 3.00	10,000 Plants— 21.00
5,000 Plants— 12.00	50,000 Plants— 100.00

SWEET POTATO PLANTS

Our Sweet Potato plants are certified stock and will be ready for shipment about April 1st on through May and June. We will have only the Porto Rico variety to offer this season.

By Mail—Postpaid	Mail or Exp.—Not Prepaid
200 Plants—\$.50	1,000 Plants—\$ 1.50
500 Plants— 1.10	5,000 Plants— 7.25
1,000 Plants— 2.00	10,000 Plants— 14.00
5,000 Plants— 9.00	50,000 Plants— 65.00

Vicksburg, Miss., July 7, 1932.

Omega Plant Co., Omega, Ga.—Please advise me at earliest moment if you have the Early Charleston Wakefield Cabbage plants and give me prices on same. The ones I got from you last year could not be beat.

Yours truly, T. R. Foster, Jr., Bx. 104, Rt. 2.

We have only limited quantity of the following Frost Proof Cabbage Plants at same prices of other Cabbage plants:

Drum Head Savoy—Excellent quality, very tender with finely crumpled leaves.

Mammoth Red Rock—The largest and surest heading red cabbage.

RECOMMENDATIONS:

The letters listed below are just a few of the thousands that we receive each season from our customers telling us of the splendid results they have with our plants.

Georgetown, Ind.

I am a railway postal clerk also the owner of a 107 acre farm. From the above you will note that I am in a position to observe the product of nearly all the plant growers. Therefore the reason why you are receiving this order is your plants have shown up better than any other firm this season.

J. D. Keithly.

Blackstone, Mass.

Gentlemen—Cabbage plants arrived in fine condition, please ship me two thousand Bermuda Onion plants by parcel post as they are delivered at our door that way.

Mrs. Charles Stand,
R.F.D., Chestnut Hill, Rd.

Rt. 2, Carlisle, Ark., Feb. 18.

Omega Plant Co., Omega, Ga.—I used one thousand of your Cabbage plants last season and they were sure fine. All my neighbors admitted that I had the finest Cabbage in my community.

Will Banks.

Ingraham, Ill.—Please send me 2,000 more Cabbage plants. We are sure pleased with the ones received. They are much nicer than we got from other growers.

Mrs. John Bangert.

Jeanettes Creek, Ontario, Canada.

Omega Plant Co., Omega, Ga.—Your Onion and Cabbage plants arrived at Tilbury, April 4th. We were unable to go after them for five days as we were busy hauling some coal with scow and could not leave the job. However, at this writing the plants have been in the ground for six days and they all look to be alive and coming along alright.

Very truly yours, Bruce Bradley.

Mrs. John Tamminga, Hancock, Wis., writes: The Cabbage plants came yesterday in very fine condition. Many thanks. You will surely get my future orders.

Located in the Center Georgia Plant Section

All orders are shipped the day received, or as near that date as possible. Rains sometime delay shipment, but your order should reach you in three to five days from date you want shipment made.
